^ YOUR TYPICAL CONTACT CENTER EVENT

presented by

CONTACT CENTER
NATION

&

Contact Center Pipeline and Contact Center Nation announce a new partnership to integrate the learning and networking opportunities of our magazine and events into a series of regional, one-day, contact center events.

Our goal is to provide a fun way to meet and discuss the latest industry news & trends with your regional contact center community, in a positive and relaxing atmosphere. The regional locations have been selected to limit the time and travel away from your home and office.

2018 EVENT SCHEDULE:

SouthWest – Phoenix, March 21

MidWest – Chicago, May 10

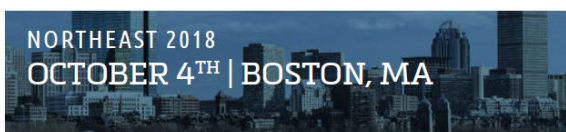

NorthEast – Boston, October 4

SouthEast – Ft. Lauderdale/Miami, November 15

"I am beyond excited to bring a whole new programming channel to Pipeline. Having the opportunity to work with CCP and expand the outlets for Contact Center Professionals to learn, share and network at live events is incredible."

Valerie McSorley
PRESIDENT, CONTACT CENTER NATION

"When we launched our magazine back in 2009, our goal was to bring together industry experts to network and share their experience with our readers. Working with Contact Center Nation is the next logical step to extending that mission."

Linda Harden
PUBLISHER, CONTACT CENTER PIPELINE
